

Anthrax Vaccine Request Procedures

April 2010

Requests for Anthrax Vaccine should be submitted online via the USAMMA Distribution Operations Center (DOC) secure website. In order to be approved to order Anthrax vaccine you must personally register on the USAMMA website (<http://www.usamma.army.mil>), select “Products”, “Anthrax Vaccine Immunization Program (AVIP)”, then "Anthrax Vaccine Registration Form/Lost Password"

Upon registration approval, an account will be established for the user. The requestor should then go directly to the USAMMA DOC secure website via a link provided to them in email. If the requestor has previously registered, they should go directly to the USAMMA DOC secure website via the link provided.

AIR FORCE

Air Force requestors should request Anthrax Vaccine by submitting an online request using the Air Force Anthrax Vaccine Request Form. Immunization Clinics are to request the vaccine through their Medical Logistics. The Medical Logistics requests vaccine by clicking on Air Force Anthrax Vaccine Request Form and entering the appropriate information. Upon submitting the request, the requestor will receive an online Air Force Anthrax Vaccine Order Confirmation. The Air Force Medical Logistics Office will provide the MAJCOMs and the Air Force Medical Operation Agency courtesy copies of all requests. Upon approval, the Distribution Operations Center (DOC) will coordinate shipment directly to the Medical Logistics account requesting the vaccine.

ARMY

Army requestors should request Anthrax Vaccine by submitting an online request using the Army Anthrax Vaccine Request Form. Army Immunization Centers are to request the vaccine through their Installation Medical Supply Activity (IMSA). The vaccine is a free issue item and the immunization centers can request the vaccine using the Theater Army Medical Management Information System (TAMMIS). The IMSA requests vaccine by clicking on Army Anthrax Vaccine Request Form and entering the appropriate information. Upon submitting the request, the requestor will receive an online Army Anthrax Vaccine Order Confirmation. The IMSA will provide their Regional Medical Command (RMC) a courtesy copy of their request. Upon approval, the USAMMA Distribution Operations Center (DOC) will coordinate shipment directly to the immunization center requesting the vaccine. All immunization centers are to request the vaccine in accordance with the Army's Anthrax Vaccine Immunization Program (AVIP).

COAST GUARD

Coast Guard requestors should request Anthrax Vaccine by submitting an online request using the Coast Guard Anthrax Vaccine Request Form. Upon submitting the request, the requestor will receive an online Coast Guard Anthrax Vaccine Order Confirmation. Upon approval of request from CG HQ, the Distribution Operations Center (DOC) will contact the receiving unit. The DOC will coordinate shipment directly to the immunization center requesting the vaccine.

MARINE CORPS

Marine Corps requestors should request Anthrax Vaccine by submitting an online request using the Marine Corps Anthrax Vaccine Request Form. Upon submitting the request, the requestor will receive an online Marine Corps Anthrax Vaccine Order Confirmation. Upon approval of request from HQMC, the Distribution Operations Center (DOC) will contact the receiving unit. The DOC will coordinate shipment directly to the immunization center requesting the vaccine.

NAVY

Navy requestors should request Anthrax Vaccine by submitting an online request using the Navy Anthrax Vaccine Request Form. Upon submitting the request, the requestor will receive an online Navy Anthrax Vaccine Order Confirmation. Upon approval of request from N931, the USAMMA Distribution Operations Center (DOC) will contact the receiving unit. The DOC will coordinate shipment directly to the immunization center requesting the vaccine.

PRIVATE (CIVILIAN) REQUESTS

Requests should be submitted in writing from the requesting civilian agency and addressed directly to Emergent BioSolutions, 517-327-6857.

Emergent BioSolutions
3500 N. Martin Luther King Blvd
Lansing, MI 48906

Scheduling for an actual delivery date will be based on a number of factors. A required delivery date does not guarantee delivery by that date. The Distribution Operations Center (DOC) will contact the receiving units 24 hours prior to their scheduled shipment. At the time of this call, the DOC and the receiving unit will discuss all handling requirements for the Anthrax vaccine.

Questions should be directed to the Distribution Operations Center (DOC).
